You gave me until Friday on yesterday. Now today, your message clearly says that it's to be picked up at your friend's place on Thursday. It is currently Thursday on HK time and would provide me a three hour notice. Can you please clarify whether you mean Thursday of this week or next week?

You forgot how in love we were. There was nothing in the world that would have stopped me from giving you the best life. I hope you didn't forget. Then you will understand why I behave this way towards you. ONE DAY my whole understanding of the previous three years and plans for the future suddenly collapsed! The memories, the feelings, the plans all vanished in an instant. I know of some people who have gone crazy over this shit and shot up places.  
I am able to be a good role model for my son been profuctive employee, Increase my salary and became more high value Still able to laugh have fun and keep a spiritual life. I'd say I'm doing pretty damn well, except I may have taken on an attitude about you.  
I don't care what you do with the ring. I just thank God we're not dealing with a child because that would be horrific for the child.

You don't know why my ex divorced me because you were blinded by your 'idealization' of the persona of a romantic partner. You never took the effort to know me well. A major problem with today's relationship's is they leave traditional beliefs and faith behind rather and seek it with the 'perfect' mate and many have unrealistic visions of that person until the honeymoon phase is over. The progression of our relationship collapse was gradual for you but sudden for me because you never discussed struggles with me until kaboom! Game Over. It's all behind us now but I am afraid there will be more people who will fall victim to this. I hope you have taken a good look at yourself and sort out whatever struggles past and present and figure out how to manage/cope with them.  
FYI I have a better relationship with my ex and can talk openly about many things.

It can't be picked up unless you have a way to print the label.

The FedEx agent told me you can drop it off at your local office. All you need is my account number which is 200763748.

Finally, you can give them my delivery address.

Richard Rombalski  
50 Meridian Street #456  
SMB#57494

I won't be home anytime next week so I gave them that temporary address near where I'm staying.

I'll really appreciate your efforts once this has arrived here safely.

I just read this and am responding to your question. You ask me a question, I respond with an honest opinion, then you deflect/deny it and call it an insult. The rejection wasn't the issue. First you need to admit you had an intimate attachment to me for two years which was not by mere coincidence. Then, you admit you fell out and was the result of our character defects. Specifically, it was your unwillingness to discuss your issues with me someone you agreed to marry(which I regret asking you). Now it seems you find other guys get attached to without confronting your shadow. That is what I about because it will happen to the wrong person. God help both of you it does.

The falling out of love was the result of

Again, in response to your comments. You waited too long to tell me it wasn't gradual it was precipitous. That is what fuck me up so bad. You have to deal with your issues before you lure someone else. God only knows how he will react Once he becomes in love with you and you suddenly leave him because you didn't feel like dealing with life anymore. It's a predictable pattern of yours. Deal with
